Hydrobiologia

The International Journal of Aquatic Sciences

Volume 515, 1 March 2004

Biodiversity of freshwater microfauna in the floodplain of the River Mun, Northeast Thailand: the Rotifera monogononta
H. Segers, W. Kotethip, L.-o. Sanoamuang 1–9

Size-dependent bioaccumulation of metals in the amphipod *Gammarus zaddachi* (Sexton 1912) from the River Hunte (Germany) and its relationship to the permeable body surface area
X. Wang, G.-P. Zauke 11–28

Spatial, temporal and size-class variation in the diet of estuary perch (*Macquaria colonorum*) in the Hopkins River, Victoria, Australia
T. Howell, L.J. Laurenson, J.H. Myers, P.L. Jones 29–37

Reproductive cycle and spatiotemporal variation in abundance of the one-sided livebearer *Jenynsia multidentata*, in Patos Lagoon, Brazil
A.M. Garcia, J.P. Vieira, K.O. Winemiller, M.B. Raseira 39–48

***Pseudovorticella paracratera* n. sp., a new marine peritrich ciliate (Ciliophora: Peritrichida) from north China**
D. Ji, W. Song, A. Warren 49–57

Linkages among land-use, water quality, physical habitat conditions and lotic diatom assemblages: A multi-spatial scale assessment
Y. Pan, A. Herlihy, P. Kaufmann, J. Wigington, J. van Sickle, T. Moser 59–73

A new species of the '*Copidognathus tricorneatus*' group (Acari: Halacaridae) from India
T. Chatterjee, C. Annapurna, C.Y. Chang 75–78

Raphidophyceans on the coasts of Mexico
C.J. Band-Schmidt, L. Morquecho, D.U. Hernández-Becerril, A. Reyes-Salinas, E. Bravo-Sierra 79–89

Impacts of sedimentation on soft-bottom benthic communities in the southern islands of Singapore
L.M. Chou, J.Y. Yu, T.L. Loh 91–106

A comparison of desiccation tolerance among 12 species of chironomid larvae
T. Suemoto, K. Kawai, H. Imabayashi 107–114

Interactions of common carp (*Cyprinus carpio*) with benthic crayfish decapods in shallow ponds
D. Hinojosa-Garro, L. Zambrano 115–122

The evaluation of the role of pelagic invertebrate versus vertebrate predators on the seasonal dynamics of filtering Cladocera in a shallow, eutrophic reservoir
A. Wojtal, P. Frankiewicz, I. Wagner-Łotkowska, M. Zalewski 123–135

Changes in marsh nekton communities along the salinity gradient of the Schelde river, Belgium and The Netherlands
H. Hampel, A. Cattrijsse, J. Mees 137–146

Photosynthetic characteristics of benthic microalgae and seagrass in Lake Illawarra, Australia
W. Qu, C. Su, R.J. West, R.J. Morrison 147–159

Grazing effects of a freshwater bivalve (*Corbicula leana* Prime) and large zooplankton on phytoplankton communities in two Korean lakes
S.-J. Hwang, H.-S. Kim, J.-K. Shin, J.-M. Oh, D.-S. Kong 161–179

Shear stress and sediment resuspension in relation to submersed macrophyte biomass
W.F. James, J.W. Barko, M.G. Butler 181–191

Sediment resuspension and light attenuation in Peoria Lake: can macrophytes improve water quality in this shallow system?
W.F. James, E.P. Best, J.W. Barko 193–201

Drought effect on stream morphology and brook trout (*Salvelinus fontinalis*) populations in forested headwater streams
J.P. Hakala, K.J. Hartman 203–213

Response of the dinoflagellate *Alexandrium tamarense* to a range of nitrogen sources and concentrations: growth rate, chemical carbon and nitrogen, and pigments
S.C.Y. Leong, S. Taguchi 215–224

Phylogeography of a facultatively migratory dragonfly, *Libellula quadrimaculata* (Odonata: Anisoptera)
T. Artiss 225–234

Do macroconsumers affect insect responses to a natural stream phosphorus gradient?
A. Ramírez, C.M. Pringle 235–246

Book and CD reviews 247–254
